## - Who we are

DanChurchAid (DCA) supports people in the world's poorest countries in their struggle for a dignified life and helps those whose lives are in danger. We intervene with humanitarian aid in disaster-stricken areas, provide long-term support through development aid in poor areas and promote initiatives to create a more equal and sustainable world.

We show leadership and continue a 100-year tradition of hope and action. DanChurchAid is active in Africa, Asia, the Middle East and Ukraine with a presence in 19 countries and works to achieve four global goals: Saving lives, building resilient societies, combating extreme inequality and Creating engagement. These goals reflect our work across humanitarian efforts, development and human rights.

Since 2015, DCA has been working in Syria through an integrated, multi-sectoral approach that aims to save lives and build resilient communities in rural areas, urban settings, and informal settlements.

DCA implements activities that include: rehabilitation of private houses, school rehabilitation, distribution of non-food items (NFIs), cash-for-work activities, protection services (psychosocial support, child protection, general/community protection including case management, cash for protection, awareness and prevention, and community protection networks), multi-purpose cash assistance, vocational training and technical education (TVET), and humanitarian mine action (risk education, survey, and clearance).

DCA combines mine action with humanitarian response to support vulnerable communities through a holistic, integrated, and adaptable approach to achieve the greatest possible impact.

### **- Positional Objectives**

The Community Liaison Team Member is responsible for implementing Explosive Ordnance Risk Education (EORE) and conducting Non-Technical Survey (NTS) activities within affected communities. The role supports the identification of hazardous areas and promotes safe behavior through direct engagement with community members.

We are seeking a Community Liaison (CL) Team Member with strong communication skills, local culture knowledge, and resilience in challenging conditions. Join us to raise awareness on explosive risks, engage communities, and help build safer environments for those most at risk.
